

Keeping Up with the 131st District!

Dear Friend,

It is an honor and a privilege to represent you and all who reside here in the 131st Legislative District. Your continued faith and support are something I cherish and appreciate as I work to bring your voice and concerns to Harrisburg.

Your safety and well-being remain a top priority for the General Assembly, and I look forward to supporting meaningful legislation that will build upon Pennsylvania's successes.

As always, my staff and I are here to assist you. Please reach out to us by email, phone or through my website. We will do everything in our capacity to take care of you and your state-related needs.

Sincerely,

Milou Mackenzie

Local Grants Awarded

More than \$500,000 in state grants have recently been awarded to benefit residents in Lehigh, Northampton, and Montgomery Counties.

I am so grateful that I could support these grants coming into the 131st District. This is a much needed investment to Keep Pennsylvania Beautiful!

- **Upper Milford Township** in Lehigh County was granted \$250,000.
- **Northampton County** was granted \$80,000.
- **Wildlands Conservancy Inc.** in Lehigh County was granted \$121,800.
- **Upper Hanover Township** was granted \$58,200.

U.S. Term Limit Award

I proudly accepted the Champion of Term Limits Award given by U.S. Term Limits. I signed on as a co-sponsor of House Resolution 37 and House Bill 332 because I believe that imposing term limits will cut down on corruption in the government.

Highlighting Importance of Health Care Sanitation Standards

Recently, I introduced a House resolution to designate Oct. 8-14 as "International Sterile Processing Week" in Pennsylvania. Cleanliness is critical at all health care facilities across this Commonwealth, and commitment to maintaining high standards of sanitation is crucial in keeping Pennsylvanians safe.

Sterile processing technicians ensure that medical staff in operating rooms, intensive care units, endoscopy suites, birth centers and other patient care areas receive sterile surgical instruments, supplies and equipment integral in providing the best possible patient care.

I applaud all professionals in this field for ensuring quality care and service throughout this Commonwealth and encourage all Pennsylvanians to learn more about the sterile processing profession and the role these dedicated specialists play. The resolution was approved by the House Health Committee and is pending consideration by the full House.
